

# Did you know?

# 80%

of child seats are installed **wrong.**

## Car Seat Safety Courses now available!

Learn the proper way to ensure your children's safety in your vehicle.

The Pike County Health Department has three Certified Passenger Safety (CPS) technicians on staff and is a recognized Child Passenger Safety Inspection Station through National Safe Kids. Any member of the community can come and have a technician check their seat(s) for proper installation, correct improper installations and provide the necessary education needed to ensure future safety. Technicians will also verify if the seat(s) are on the recall list, and if so, will provide the necessary information about what to do in the event of a recall.

Anyone is welcome to attend the Car Seat Safety Class given throughout the year for \$15.00. Eligible Primary Caregivers are given a free car seat for attending the class. Appointments are required for one-on-one classes. Please call our office at 573-324-2111.
