Pike County Behavioral Health Services

Pike County Health Department, Home Health & Hospice introduces Pike County Behavioral Health Services which is made possible by a grant from the Missouri Foundation for Health. It was established to provide behavioral health, case management, and substance abuse services to children, adolescents, and adults in Pike County who are uninsured, under insured, or under-served. Our goal is to enhance accessibility to behavioral health and substance abuse services to residents of Pike County that may be otherwise unable to access quality care. If you or someone you know is facing emotional or substance use concerns please know that our experienced staff are available and ready to serve you. Please call 573-324-2111 to see how you could benefit from this program.

“Missouri Foundation of Health is a resource for the region, working with communities and nonprofits to generate and accelerate positive changes in health. As a catalyst for change, the Foundation improves the health of Missourians through a combination of partnership, experience, knowledge and funding.”

Rolando Vazquez, MSW, LCSW
We would like to welcome Rolando Vazquez to Pike County Behavioral Health Services. Rolando has been a Licensed Clinical Social Worker since 1992 and has worked in Pike County since 1985. He has worked with a variety of diverse populations including those with developmental disabilities, children, veterans, and individuals in the re-entry process and he is able to provide bi-lingual services.

Carrie Wells, LMSW, CRADC
We would also like to welcome Carrie Wells as our Behavioral Health/Substance Abuse Social Worker. Carrie is a Licensed Master’s Social Worker and a Certified Reciprocal Alcohol and Drug Counselor with the State of Missouri. She has experience with several populations including people coping with mental illness/co-occurring disorders, those struggling with substance use concerns, and individuals in the re-entry process.
