

*We are your local Health Department,
Home Health & Hospice Agency.*

We prevent epidemics and the spread of disease, **protect** against environmental hazards, **prevent** injuries, **promote and encourage** healthy behaviors, **respond** to disasters and assist communities in recovery, **assure** the quality and accessibility of health services, with a large focus on our community members **overall quality of life.**

We are staffed with well-educated, caring, and dedicated staff that are passionate about the health and well being of our community. We offer numerous services that are all focused on a healthy and happy community including, but not limited to our Home Health and Hospice programs.

Our Mission:

Our mission statement is to ensure the safety, wellness and comfort of the citizens of Pike County through the delivery of exceptional care and preventive services. We strive for access to quality health care for all, adaptability to emerging health issues, ethical care, integrity and trust 70+ years strong. We provide preventative care and primary care services for everyone, providing a lifetime of care to you and your family.

Our Vision:

Pike County is a community of people who are actively involved in living a healthy life in a supportive and safe community.

Home Health & Hospice Services

Our dedication to our communities health continues with the addition of our Home Health & Hospice programs. There are few health departments that are able to offer these great services along side their existing public health services and we are proud to be able to offer this to our county residents.

**We serve Pike County its neighbors;
Audrain, Lincoln, Montgomery & Ralls.**

Our programs are **not-for-profit** and governed by members of your community. We will not turn patients away because of their inability to pay, thanks to the amazing support from our Home Care & Hospice Foundation of Pike County.

Lifeline Medical Alert Service

Pike County Home Health

Public Health Initiatives

We will not turn away patients who are unable to pay. Every year we host events and fundraisers so that we can continue to offer free and discounted services to our community.

“Our effort to a healthy community through health and education
