4:00 p.m. to 7:00 p.m.
Where: Pike County Health
Department Home Health
and Hospice Office, 1
Health Care Place
Bowling Green, MO 63334

Words from the Heart

"Words cannot adequately express my appreciation to Pike Co. Hospice for helping with the care of my Mother....My Mother said, at that time, "God has had my life all mapped out, from start to finish, and the timing of my last breath is in his hands." "God will have His way!" I have to say that God had his way by allowing Pike Co. Hospice to become involved in the care of Mom's remainder of life. I had been involved in Geriatric Health Care for about 15 years but caring for my own Mother was different. I was faced with the emotional decisions to be made as well as the physical aspects of the situation. I have to say that I am blessed with wonderful family support but they were a distance away. My Mother and I both needed help. Hospice was the extending hand of

God's grace, giving us just what we need when we needed it. Whether it was nursing care, counsel, emotional support-they were there-at a beckon call. I truly don't know how we would have made it through those weeks without the help of Hospice. The whole Hospice staff prepared Mom (as well as our family) for that "last breath" that our loved one took. When the end came Hospice was still there to bring closure to the experience that I (we) needed. I commend your staff for their professionalism, but, more importantly, to a family who might be facing a similar experience, Hospice loves and cares and they are there for you." Karyl Adam

Save the Date!

- ◆ **Wednesday, December 4th** from 4:00 p.m. to 7:00 p.m. – "Cookies & Cocoa with Santa" This year we will have a live reindeer!!
- ◆ **Friday, February 14th** – "Valentine Gala" at the KC Hall at St. Clement.

Mission Statement

To ensure the safety, wellness and comfort of the citizens of Pike County through the delivery of exceptional care and preventive services.

History

The agency has a long history of providing preventive health care services to Pike County residents. Public Health Services have been provided since 1948, With Medicare/ Medicaid Home Health Services added in 1969. In 1993, Hospice was founded

*Providing a lifetime
of care to you and
your family*

How Can You Help

Make a Gift

Make a gift in celebration of Pike County Hospice's 20th Anniversary. Your gift will help bring loving, end-of-life care to hospice patients — many of whom are unable to pay for the assistance they need. *Learn more about making a donation to Pike County Hospice at <http://www.pikecountyhealth.org/donations.html>*

Volunteer

Volunteer and play a supportive role by providing care to patients and their families at the end of life. Compassionate volunteers are needed and specialized training is available. *Learn more about volunteering at Pike County Hospice at <http://www.pikecountyhealth.org/hospice.html>*

The Memorial Border at Pike County Health Department Home Health & Hospice

Planting a tree as a living memorial to a loved one is an age-old tradition. Trees spread their roots, anchoring themselves and spread their canopies, reaching for the sky. They become a memorial at once permanent and constantly changing. The volunteers at Pike County Hospice are joining in that tradition by establishing a memorial border on site.

The Volunteers will further memorialize the loved one with a six by nine gray granite stone provided by Finke Monument of Bowling Green. Each plaque will have three lines with 16 spaces available per line.

In order to reserve one of the available trees, please contact Sheila Storts or Donna Ellison at (573) 324-2111.

The cost for the tree and a memorial plaque is \$220.

The Bullying Project: A Pilot Program

The month of October is "Bully Prevention Month" and we will be kicking off the "Bully Project" support program through Farm Safety for Just Kids. Louisiana schools will be our pilot schools for this program. We will be presenting the "Bully Project" to the students to bring awareness to the issue.

This project will cover all areas of bullying including the physical, verbal and cyber aspects. This has become a very large problem all over the United States as 160,000 students stay home from school each day from fear of being bullied. To get an idea of what the project will cover go to www.bullyproject.com
