## Foundation News

Welcome to our first issue of the Home Care & Hospice Foundation of Pike County's Quarterly Newsletter.

The newsletter will notify you of upcoming events, major purchases made with Foundation funds, an update on our

building fund and a quarterly donation list. With this being our first newsletter, all donations given in 2009 are listed.

We welcome your suggestions and comments regarding Foundation activities and newsletter topics. Feel free to contact us.

## Foundation Funds

Donations to the Home Care & Hospice Foundation of Pike County are used in various ways.

Currently, we sponsor a \$1,000 scholarship awarded annually to a high school graduate seeking a nursing career.

The Foundation purchases "Journeys", a pamphlet that explains about dealing with grief. The pamphlet is given to Hospice patient families monthly for a year after the patient passes away.

We conduct a Memorial Service annually to honor Hos-

pice patients throughout the years.

Every year at Thanksgiving, the volunteers prepare a Thanksgiving dinner for Hospice patients and families.

We also hold dinners for the volunteers, offer bereavement to families and pay for respite care to give caregivers time to themselves.

As equipment is needed to better patient care, the Foundation is there to help.

In the past, we have purchased a scooter, a lift chair and wheelchairs to enhance the comfort of our patients' every-

day routine.

Most recently, the Foundation approved purchasing a generator for a Home Health patient.

We also approved purchasing equipment and supplies to obtain protime/ INR results. Now it is only a small finger stick compared to the previous procedure of performing a venipuncture.

The patient whom received the generator.

## A New Administrator is Hired

Justin Selle has been selected Administrator of the Pike County Health Department, Home Care & Hospice and assumed his duties on November 2nd.

Selle, a Hannibal native earned

a Bachelor of Arts degree in Communications/Journalism from Truman State University and is presently working on a Masters in Business Administration with an emphasis in Healthcare, to be completed in

March 2010.

Selle and his wife, Leslie will be relocating to Pike County from St. Paul, Missouri.

Justin Selle

# Building Project

**Current Public Health Office which used to be the old county jail.**

Health Department, Home Care & Hospice.

Administration, board and staff have long recognized the need for a facility that combines the services and staff of the organization.

Currently, we operate out of two separate locations, one of which is the former county jail. There are issues with space to provide health education services

for the clients, and a lack of space for staff and records. Both existing facilities were constructed in the mid-to-late 1800s and have been identified as having asbestos and lead paint. Because of the nature of our services and the high traffic of children and older adults in the clinics, it is imperative that an environmentally safe facility be constructed.

**Current Home Health and Hospice Office.**

On September 1st, we officially embarked on a Capital Campaign to raise funds for a new facility to house all the programs and services provided by the Pike County

## What's New with the Project?

July 2009, 2 acres for a building were identified. One acre of land was donated by Jim and Ron Henke and one acre was purchased through building fund donations. These two acres are located on Pike 312 just behind the new Wal-Mart.

We want to raise 1 million dollars. We will raise this money through grants, fundraisers and individual donations.

A kick-off event was held at Eagle's Bluff on September 25th. The event was to explain the services Pike County Health Department, Home Care & Hospice offers the community. Various ways residents can lend a helping hand within this project were presented.

Morton Buildings, Inc. has been hired as the General Contractor for this project. Bids will be taken for the inside work of the building.

*"Because of the nature of our services and the high traffic of children and older adults in the clinics, it is imperative that an environmentally safe facility be constructed"*

## Volunteers at Work...

Currently we have 21 Hospice Volunteers doing a variety of tasks for the agency. They sit with patients, do clerical work and prepare food for our patients and families-just to name a few.

The Volunteers decided to take it one step further and challenge themselves to raise \$10,000 for the building fund.

On September 12th at Heritage Days in Bowling Green, the Volunteers held a Cake Walk and raised \$500!

On September 20th, "Pike County's Got Talent" was showcased. The Volunteers brought in \$4000 with this event!

The Volunteers are currently selling 2010 Pike County Calendars for

\$10 each. The calendars have beautiful scenery pictures from the county. To pick yours up, feel free to contact the office at (573) 324-2111.

We are very proud to have such a wonderful group of volunteers giving us so much of their time to enhance our services.

**Cake Walk at Heritage Days**

**We Care About Your Care...  
Your Health Care. Your Home Care.  
Your Hospice Care.**

*Home Care & Hospice Foundation of Pike County  
19 North Main Cross  
Bowling Green, MO 63334*

**Mission Statement**

The Mission of Pike County Health Department, Home Care & Hospice is to promote safety, wellness and comfort for our community by providing quality care and preventive services so that all may experience a healthy, fulfilling and meaningful life.

**History**

The agency has a long history of providing preventive and health care services to Pike County residents. Public Health services have been provided since the 1950s, with Medicare/Medicaid Home Health services added in 1969.

In 1993, Hospice was founded.
