PIKE COUNTY COVID-19 DINING UPDATES

During this COVID-19 pandemic we continue to collaborate with the Pike County Commission to ensure the safety of our community.

As of Monday, March 23rd Dining Rooms are not allowed to be open at food establishments in accordance with Missouri Executive Order.

We hope you will still show your support for our local businesses at this time which is why we have compiled a list of Pike County Restaurants who are still open for business along with their service options.

We communicate with our local food establishments and provide them with any changes or new recommendations to keep our community safe during this time.

Together we can slow the spread of COVID-19.
